

COMMUNION

Thanksgiving

Thank you **Father** that you legislated a process in heaven and framed it by the Son's words

That if I eat your body and drink your blood, I'm going to have eternal life.

Jesus I thank you that you were willing to come to earth and give me a record of what its like to be transfigured;

That my body would embrace the harmony and frequency of heaven, and I would become an eternal being on the face of the earth.

Jesus, thank you for being the carrier and ambassador of the DNA of the Father's blood.

Declaration

Today Lord I speak into that blood, which holds the 3 strand cord of the record of the DNA of God. As this goes into my body Father, I speak the resurrection glory of the Lord would come into it. As I eat it the sound of His DNA would begin to sing a song in my body. My DNA would change into the image of His DNA. This is why you came to enable me to carry your image.

Petition, trading

Lord, when this bread and wine goes into my body, I ask that in heaven there would come a legislative seal on the document of the testimony of my scroll; that I now have the record of the resurrection and transfiguration of the DNA of God now residing in me on earth and in heaven.

I take my life, everything you have given me, this blood and body... and present it to you on the trading floor of the sea of glass. I ask that you would put your kiss of life on it, that the glory cloud of your presence would come around this symbol I have in my hand. I trade this record into my own mountain; into the storehouse of wine, the court of the oil, my priestly ministry. I trade into my body, my spirit and my soul with the blood and body of Jesus.

Receiving

Lord today I receive life out of heaven, I receive the legislative process, I receive the document, I receive the seal of God upon my life. Thank you that I am eating eternal life today.

PARTAKE COMMUNION

Decrees and Commands

Lord as this goes into my body, I engage my spirit man around the sound of the vibration of the Kingdom that is now living inside me.

Father I draw of the light, I draw of the blood and the record of your DNA.

As this passes through my digestive tract, the record would go into my blood, into the marrow of my bones and the gold of the glory of heaven and the Father's DNA would be produced in me. The record of my blood would change and I would begin to take on the record of the transfiguring power that is in the light of the Kingdom of heaven.

I engage that inside of me today and command it to be released into my body.

May the breath of God blow into my record and bring it to life, that I would once again become a living being.

Eternal life activate. Hallelujah!!!
